

**NOTICE OF FINAL DECISION
TO ISSUE A HAZARDOUS WASTE MANAGEMENT PERMIT TO
DURATEK SERVICES, INC.**

The Tennessee Department of Environment and Conservation's (TDEC) Division of Solid Waste Management (DSWM) has made a final decision to issue a hazardous waste management permit to Duratek Services, Inc. (Duratek), EPA Identification Number: TND 98 215 7570, located at 1560 Bear Creek Road in Oak Ridge, Roane County, TN 37830. The permit was issued on September 29, 2006, and shall remain in effect until September 29, 2016, unless continued, revoked and reissued, or terminated under applicable regulations. This action follows a 45-day public comment period, which ended on September 21, 2006. No comments were received from the public during this comment period. However, comments were received from Duratek and are addressed in the [Response to Comments](#).

The permit (TNHW-129) allows Duratek to construct and operate a mixed waste (hazardous and radioactive waste) container storage facility. Duratek will store mixed waste in two container storage areas. The Container Storage Building will have a maximum storage volume of 21,120 gallons, and the Container Storage Pad will have a maximum storage volume of 35,900 gallons.

Also included as part of this permit are the corrective action conditions for the solid waste management units (SWMUs) and areas of concern (AOCs). Duratek shall be required to investigate any releases of hazardous waste or hazardous constituents pursuant to this permit at the facility regardless of the time at which waste was placed in a unit and to take appropriate corrective action for any such releases. These conditions also require notification of imminent hazards, and when applicable, compliance with the requirements developed under land disposal restrictions and organic air emission standards.

This permit is issued under Tennessee Code Annotated, Section 68-212-101 et seq., and Tennessee Rule Chapters 1200-1-11, Hazardous Waste Management, and 1200-1-14, Commercial Hazardous Waste Management Facilities.
